

Innokentiy Sedunov

Sound Engineer / Producer / Composer

Saint Petersburg - Telegram: @Blindfo1d - sedunov@musent.ru

■ ABOUT

Sound engineer and producer working across the full audio production cycle: recording, mixing, mastering, and sound design for video. In studio mixing - hip-hop and electronic; in recording - choirs and vocals. Hybrid analog/digital setup: SPL MixDreem, SSL Fusion, Universal Audio Apollo. Collaborated with the TV channel "Zhit", the State Kremlin Palace, Little Spot Productions (USA), the Trinity Lavra, the Moscow Theological Academy, and grant-funded productions.

■ EXPERIENCE

Subbox Records - Sound Engineer (Mixing & Mastering)

February 2026 - present - Saint Petersburg

- Mixing and mastering of music projects across genres.
- Worked with artists: Krip-A-Krip, Mister Maloy, Kazyan, White P.
- Hybrid setup: analog summing (SPL MixDreem, SSL Fusion) through UAD Apollo x8p; DAWs - Ableton Live, Cubase, Reaper.
- Organized and ran studio vocal recording sessions.

DK "Suvenir" - Live Sound Operator

March - June 2026

- Sound for live concerts at the venue.
- Setup and maintenance of concert equipment, patching, soundcheck.
- Real-time coordination with hosts and performers during shows.

"Faces of the Academy", Seasons 2 & 3 - Project Sound Engineer

2022 - 2025 - Presidential Grant

- Responsible for the entire audio block of both seasons: venue prep, recording, post-production.
- Designed sound for the project's motion graphics.
- Restoration and cleanup of source audio in iZotope RX.
- Credited in every episode.

Episodes: **Season 2** - **Season 3**

Trinity Lavra & Moscow Theological Academy - Choir Recording Engineer

- Recording of choirs for the projects' YouTube channels.
- Credited in episode descriptions.

Episodes: **Lavra** - **MTA 1** - **MTA 2** - **MTA 3** - **MTA 4**

■ KEY PROJECTS

"The Path to the Light" - Composer

June 2026 - State Kremlin Palace

- Author of 12 original ambient compositions for Ekaterina Erokhina's art exhibition.
- Tracks used as audio decor for the paintings within the exhibition space.

"Light of Victory" promo - Sound Engineer

April 2025 - TV channel "Zhit" - 1.3M views - channel 2M+ subscribers

- Proposed and implemented individual recording of 15 choir members instead of a group session - clean isolation of each part and full control in the mix.
- Led the project from recording to master preparation.

Watch the video

Little Spot Productions (USA) - Recording Engineer

April 2021

- On-location recording of a 40-person choir in the acoustically challenging conditions of a church.
- Same-day preliminary mix so the film crew received sync-ready material that day, keeping a tight schedule.
- Work praised by sound engineers Pavel Polevoy and Serafim Khanish (Little Spot Productions).
